**PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

Residents of the area noted in this Board letter have requested our assistance in dealing with their traffic concerns. Subsequently, engineering investigations conducted by the Department of Public Works revealed the removal and installation of traffic controls will improve traffic safety, enhance traffic flow, and better serve adjacent properties.

The parking of commercial vehicles has adversely impacted the quality of life and/or traffic safety on the streets and surrounding neighborhoods at the specific locations set forth in the attached Resolution by increasing ambient noise and pollution levels, restricting visibility from driveways and side streets, and introducing undesirable opportunities for crime, graffiti, and littering. A Resolution of your Board is required to designate those streets and alleys where the specific commercial vehicle parking prohibition or restriction is to apply.

**Implementation of Strategic Plan Goals**

The Countywide Strategic Plan directs that we provide Service Excellence (Goal 1) and Community Services (Goal 6), by enhancing the quality of life for residents in these areas once the traffic regulations are in place.

**FISCAL IMPACT/FINANCING**

Sufficient funds are included in the Fiscal Year 2007-08 Road Fund Budget to cover the minor cost of removing and installing the necessary signs advising the public of the parking prohibitions or restrictions.

**FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

On April 30, 2002, your Board adopted an Ordinance amending Title 15 - Vehicles and Traffic of the Los Angeles County Code, Section 15.64.055, to allow the County to prohibit or restrict parking of commercial vehicles with a 10,000-pound or more manufacturers' gross vehicle weight rating on designated streets and alleys. The Resolution complies with provisions of Section 22507 of the Vehicle Code, which allows local authorities to prohibit or restrict parking, and Section 15.64.055 of the County Code, which authorizes your Board to prohibit or restrict the parking of commercial vehicles on streets or highways specifically identified in the Resolution. The attached Resolution has been approved as to form by County Counsel.

**ENVIRONMENTAL DOCUMENTATION**

The establishment of these restrictions, including the installation of related traffic signs to notify the motoring public, is categorically exempt under Class I-(x)7 of the Environmental Guidelines approved by your Board on November 17, 1987.

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Implementation of these traffic controls is intended to be revenue neutral.

**CONCLUSION**

At such time as these recommendations are adopted, please return one copy of this letter to the Department of Public Works, Traffic and Lighting Division.

Respectfully submitted,

DAVID E. JANSSEN  
Chief Executive Officer
